Genesis to Revelation in 100 Minutes or Less

by Beth Demme

Join us for a journey thru the entire Bible, Genesis to Revelation, in just 100 minutes or less. This approach looks at the Bible as a **manageable** and **meaningful** unified literary work with a main character, conflict, and an overall theme. Come see how the big picture gives new appreciation for the beauty of each smaller picture.

Whether you are brand new to Bible study or you've studied casually for years, you can learn something new in Bible 100.
